## The Onion in transition

You are warmly invited to the Onion Day 2022!

9.00 a.m. to 6.00 p.m.

### Trusted Onion day

You can expect the traditional setup to include:

- **Pilot field tours** Organized tour of objects at the UIKC onion trial field.
- **Onion-Plaza** The information market and mechanization field at the farm.
- **Sprayer license** Renewal of the sprayer license theme Cultivation is possible, sign up required!

### Sprayer license and tours

Visiting and participating is possible without registering. However, by signing up you are assured of participation in the tour of your choice.

Go to [www.uiendag.nl](http://www.uiendag.nl) or scan the QR code for more information.

### Climate and energy square

You will visit the Climate and Energy Square on the farm:

- **Generate energy** Solar panels, wind turbines and their storage.
- **From diesel to electric or hydrogen** Experiences with electric tool carrier, tractors and other relevant technologies.
- **Application to your business** Advice for an appropriate approach on your farm.

### Guided tour of Climate & Energy square

During Onion Day there are two times when you can visit the square with a guided tour for explanation. Of course you can visit the square freely. The energy square is made possible by:
